INT. PRIZON RELEASE DESK

SOUND: Prizon. Plastic bags being opened.

ANNA

After two years, 7 months and 28 days
Plato Pachinko is leaving prizon. He is
doing time for a white collar crime.

OFFICER DOLANZ

Wallet. Phone. Pen.

PLATO

You can keep the pen as a souvenir
officer Dolanz. Something to remember me
by.

OFFICER DOLANZ

Nice watch, Plato. Bet your glad to get
it back.

PLATO

I won't have it soon. The system took the
rest of my money.

OFFICER DOLANZ

It wasn't yours in the first place.
You're lucky you're in California. That's
\$200 in gate money we're forking over.

PLATO

Wow. That should be plenty to help me
integrate back into society.

OFFICER DOLANZ

Maybe you shouldn't have been digging
into peoples personal accounts.

PLATO

They weren't people. I only hit major
corporations who were screwing the little
guy.

OFFICER DOLANZ

Yeah, well... the government didn't see
it that way.

(beat)

Just keep your hacking hands clean,
Plato. I don't want to see you back here
again.

PLATO

Your not going to.

OFFICER DOLANZ

That's good to hear.

PLATO

You're not going to, because, I don't plan on ever getting caught again.

OFFICER DOLANZ

Wise ass.

EXT. PRIZON BUILDING

SOUND: Activity outside of the prizon from.

Plato takes a deep breath.

ANNA

Plato steps out of the prizon building and takes a deep breath of freedom. A couple in there 20's, riding a pair of app rented electric scooters, pull up in front of Plato. They have brought an extra scooter along.

DANNY

Plato Pachinko. A free man at last.

SOUND: Danny and Plato and they have a huge hug.

PLATO

When I asked you to pick me up, Danny, this isn't exactly what I had in mind.

DANNY

You kidding. This is a great way to travel.

PLATO

Not with my bum leg.

JENNI

It's easy.

PLATO

Oh yeah...

JENNI

Sup Plato?

DANNY

Jenni's my girlfriend. You'll love her, Plato.

JENNI

Yeah. You'll love me Plato.

(laughs)

It's an honor to meet the legendary
Skateboarder Plato Pachinko.

PLATO

Good to meet you to Jenni.

(beat)

Come on let's go get some real food. I
just scored two hundred dollars. I'm
buying.

ANNA

Plato gets on the spare scooter and
struggles to get his balance.

DANNY

How the mighty have fallen.

SOUND: They have to talk loudly to each other as they are
in motion on their scooters.

ANNA

Plato, Danny and Jenni ride their
scooters out of the parking lot and onto
the road.

PLATO

I've seen these scooter apps on the news.
Sounds like a liability nightmare. There
have to be plenty of accidents.

JENNI

When you use the app it makes you agree
to take responsibility for your life and
anything else you run into.

DANNY

And nobody follows the helmet rules.

PLATO

Seems crazy but I got to admit... it's
fun.

DANNY

Maybe you'll even get back on a
skateboard one day and compete.

PLATO

I think those days are over for both of
us, Danny.

DANNY

Speak for yourself, Plato. Me and Jenni are training for my comeback.

PLATO

So, how'd you guys meet?

JENNI

Danny was a waiter and I was a hostess at the Cheesecake factory. We got fired for fooling around in the ladies room.

DANNY

Yeah, cause somebody couldn't keep the volume down.

JENNI

Yeah. That somebody was you.

DANNY

True.

(laugh)

When she told me she liked to skate and was a game streamer, I knew she was the girl for me.

PLATO

What are you kids doing for money?

DANNY

This.

PLATO

This what??

DANNY

This this. I've been scooter racing in something called the Electric Circuit. People bet on the races and the winner collects a purse. I'm becoming Scooter app legend of the Dawson bluffs.

PLATO

Dawson bluffs? You're were in a two week coma, brother. You shouldn't be taking risks like that.

JENNI

Nah. These app scooters have limiters that don't let you go more than 15 miles per hour. It's all reflexes and balance. Dof Craney sponsors the event and has his team prepare the course.

DANNY

And there, we do where helmets' so I get to keep my brain safe in a bucket.

PLATO

Dof Craney is a lunatic.

DANNY

Naa. He cleaned up his act. He does a lot for the community.

PLATO

Then watch your ass, Community.

INT. JENNI'S APT

SOUND: Eating breakfast

PLATO

I can't thank you guys enough for letting me stay here these last couple of days. Don't worry, though. I'm getting a reasonable price for my Rolex and will be out of your hair pretty soon.

NOTE: Also record version replacing "Rolex" with "Watch"

JENNI

Mi cabello ehs su cabello.

PLATO

Huh?

JENNI

My hair is your hair. So you don't have sweat getting out of it.

PLATO

I really appreciate it. But it's time I stop playing video games on Twitch all day and go back to doing my thing.

DANNY

By his thing he means hacking the shit out of some rich assholes pockets. A regular online Robin hood.

JENNI

Isn't that how you got arrested?

PLATO

I got sloppy. I didn't want to just soak my target's bank accounts' I wanted to rub their noses in it too. I'm not going to let that happen again.

JENNI

You can do your work from here if you want? We have a pretty good computer.

PLATO

Then you get caught up in it if something goes wrong. I need to get my own set up.

JENNI

Why don't you come with us tonight, Plato?

DANNY

Yeah man. Watch me race, watch me win. I've been training, and we're betting big.

PLATO

I'm on parole. Probably not such a good idea for me to be hanging around some illegal activity.

DANNY

All right, if all you want is to hang out here raising your level on Fortnite, that's cool.

JENNI

Danny, you want him to risk going back to jail?

DANNY

No. Of course not. But it's not exactly drag racing.

SOUND: Plato pulls out the chair and gets up.

PLATO

Fuck it. I'm going. I've been avoiding the cops since I was eight.

INT. TRACK

ANNA

A party atmosphere. A row of eight Floy App engaged scooters are lined up.

DANNY

We don't really have much to worry about. We're just a bunch of friends hanging out on scooters. The cops have better things to do.

SOUND: Jenni rushes over - voice get's closer.

JENNI

Danny, I just checked with the bookmaker, you and Micah are heavy favorites, but there's some money coming in on this new guy... they call him the Viper.

DANNY

Seriously, the Viper!?

JENNI

Check em out over there. He's even wearing a mask.

PLATO

That's hilarious.

JENNI

It's the unknown factor that people are betting on. Who knows, maybe it's Sean Green under there.

DANNY

(batman voice)

Or Batman.

JENNI

Whoever it is it's helping to hold down the odds on you, so it's good for us.

DANNY

Bet the house baby, we'll win enough to buy one.

JENNI

I believe in you, babe.

PLATO

(concerned)

Danny, how much are you guys betting?

DANNY

Six grand. Between the purse and the bet winnings, we stand to clear close to twenty thou.

PLATO

(logic)

Dude, your racing against a guy wearing a mask!

DANNY

So?

PLATO

In the hacking community we have a term for someone who chases a black-hat hacker spewing malware.

DANNY

Oh yeah... what's that?

PLATO

Stupid.

JENNI

Maybe we should just bet half?

DANNY

After I win this, we may never get odds like this again.

PLATO

I'm just worried for you, bro.

DANNY

Plato. I get what you're saying. But this is really not the same thing. The Electric Circuit is one of a kind. I already know the handful of racers who race this thing, and I've never heard of any of the top extreme sports guys training for something like this.

(beat)

At this exact moment in time I am the best Electric Circuit Racer in the world.

PLATO

I guess I wouldn't let anyone tell me not to do something I wanted to do.

DANNY

Yeah man.

(beat)

You get it Jenni, right? You're with me on this?

JENNI

(beat)

Make it count.

PAUSE

ANNA

Dof Craney jumps up on the trophy stage. He is a brazen ball of charm and hutzpah. He signals for the crowd to come over to him.

CRANEY

Come on over. That's right, Dof is here to tell you what's what.. If you Haven't already, please make sure to hand in those phones to one of our ushers in the blue Electric Circuit. Promise you'll get it back.

JENNI

They practically strip searched me.

PLATO

Just got to know where to hide it.

CRANEY

Okay boys, girls and non-binary friends, listen up.

SOUND: The excited crowd starts to settle.

CRANEY (CONT'D)

Welcome back to another exciting race on the "Electric Circuit". This one is going to be truly awe inspiring. We have some of our previous winners like Micah Gordon and Danny Sweet.

SOUND: Cheers for Micah, bigger cheer for Danny Sweet.

CROWD

Sweet! Sweet! Sweet!

CRANEY

Some of our highly motivated challengers have returned. Including video gamer Eric Motor and Youtube Star Hayden Bixby. And don't forget our newcomers, including Barrett Wilson and the mysterious masked man known only as "the Viper".

SOUND: The other racers gets cheered, but less than Danny and Micah did. "The Viper" gets a mixture of cheers and jeers. The crowd enjoys playing into the fun spirit of the thing.

CRANEY (CONT'D)

Racers, before you is a row of next generation Floy scooters. Bigger tires to take on turfs and obstacles, fuller steering range. These scooters have all been picked randomly among the best street hives our experts could find. The buttons have been oiled, the tires filled and aligned. Each one of them, fully capable of break neck speeds of 15 miles per hour!

SOUND: Crowd laughs along with Craney.

CRANEY (CONT'D)

Now, while the course is elegantly designed to challenge the racers in navigating obstacles, sharp turns and steep drops, we have a solemn rule around here - to make certain we follow the strict rules of the Floy Scooter Corporation. So what's the first rule, everyone?

CROWD

Where your helmets!

CRANEY

That's right. Safe not sorry.

PLATO

Famous last words.

JENNI

What?

PLATO

Famous last words, like when you're skating and facing a huge ramp... You don't want to say anything like "this is going to be easy". That's what Danny said before he had his accident.

JENNI

Well, that's comforting.

PLATO

Sorry...

CRANEY

So, one at a time each one of our racers will come pick a card out of the pail and grab a number to see which scooter you'll be racing today.

ANNA

One by one the racers take their randomly selected numbered cards and head to the scooter that matches the number.

CRANEY

All right, racers. Pull out your smart phone and open up those apps.

SOUND: Eight apps opening and being deployed.

CRANEY (CONT'D)

Let's here those engines come to life!

SOUND: The batteries whir, the farthest cry from the revving in a hot rod car race there could be.

SOUND: The crowd laughs with CraneY in good humor.

CRANEY (CONT'D)

We may not be too loud with our engines, but at least we're saving the planet.

BACK TO

PLATO

Do you like this guy, CraneY?

JENNI

He's all right. Keeps everything entertaining and light. But once the race starts it ain't no joke.

BACK TO

CRANEY

After I wave this flag and the race gets started. I will turn the play by play to our announcer for the race, Anna Brisbin!

SOUND: Big cheers for Anna.

Is everybody readdyyyyyy?

CROWD

(whooping)
Yeahhhh!

CRANEY

Racers take you mark... and...

SOUND: Flag is waved. The scooters take off, the crunching of the tracks tough terrain crunches under the wheels.

ANNA

And they're off! Hey it's me Anna, your announcer for this crazy race.

(beat)

It's a pretty clean start for the most part, but immediately, Micah Gordon grabs the lead. A risky move given the limited light on this track.

SOUND: Crash

ANNA (CONT'D)

Oooooohh!! Just like that we have our first crash of the race, it's between Eric Motor... and a tree. The tree look's all right, but Eric is a little rattled. Looks like he's bailing from the race.

SOUND: Crowd ooohs, feeling Eric's pain.

ANNA (CONT'D)

Fan favorite Danny Sweet is staying right on the tail of Micah... as we head into a clearing and the rest of the field starts catching up. Danny and Micah are forced to take a sudden sharp turn, followed by a steep drop that separates them from the pack. Out of nowhere the Viper makes a sick move, launching over a rock and twisting his handle bars like a BMX racer! The masked man takes over the lead!

(slight pause)

Danny Sweet speeds up and cuts past Mica Gordon, drafting off of the Viper's tail. The Viper swerves trying to shake Danny. The two leaders face a tough set of obstacles in the form of boulders and tree trunks. Danny Sweet manages them expertly, but the Viper is not so fortunate. He is bumping into the obstacles like a pinball, until he is stopped cold by an concrete embankment. The Viper tries to reverse his scooter, but his body is tangled up and he kind of ... well, kind of looks like a schmuck. Mica rides into the traverse and has to navigate around the stalled Viper. Mica Gordon heads off to try and catch Danny.

(MORE)

ANNA (CONT'D)

Danny Sweet is the first racer to the halfway point of the course. He make's a slick u-turn and makes his move toward the finish line.

SOUND: Crowd cheers as they can see the racers in the distance coming their way.

ANNA (CONT'D)

At the back of the pack the racers begin to toggle for position as they maneuver around the still grounded Viper. Guess we're probably not going to see under his mask after his sorry display: "Seriously dude?!"

ANNA (CONT'D)

Looks like Micah hasn't let up.. With a dazzling display of reflexes he cuts the swerves of the track into nearly a straight line and once again catches up to Danny Sweet. Danny makes some sharp risky moves, holding on and beginning to widen his lead. The race has paired up, as Hayden Bixby and newcomer Barrett Wilson jostle for the right to pull into a distant third. Wait a second, a pair of Electric Circuit officials are rushing onto the course and are blocking the way of Hayden Bixby. The Youtuber tries to make a run for it, and is caught in mid-flight. He appears to have been shooting a youtube video from within the race. The phone is confiscated and Hayden Bixby is forcibly ejected from the race.

PLATO

Fucking influencer's.

ANNA

Three quarters of the race is complete as Danny Sweet takes his lead to where the course opens up to make for a final sprint - with a big lead over his nearest competitor Micah Gordon. But wait Barrett Wilson has seemingly appeared from out of nowhere to take away 2nd place from Micah Gordon! With reckless abandon Barrett Wilson begins to pull away from Micah Gordon into the flatter part of the course! Danny Sweet seems to be playing it cool, he has a solid lead that should hold as long as he doesn't take any unnecessary chances.

SOUND: Crowd is going wild. Shouting "Sweet" "Sweet" "Sweet"

JENNI

(urgent whisper)

What are you doing with your phone
Plato!? They'll throw us out of here.

PLATO

Only if I let anyone see it.

JENNI

(beat)

Come on Danny! Hold on! You've got this,
babe!

ANNA

Danny starts to push the limit as he
approaches the checkered flag, but
somehow Barrett Wilson continue to gain
on him.

(gasp)

Holey Shit!!!

SOUND: Crowd gasps in shock.

ANNA (CONT'D)

Barrett has used a flat tilted slab to
launch toward the finish line. He knocks
over Danny Sweet who goes flying off his
scooter, and ohhh, smashing into a
boulder head first.

JENNI

Danny! Oh my god! Danny!!!

ANNA

Barrett Wilson skids over the finish line
and takes the checkered flag!

CRANEY

Everybody stay back! Stay back! Danny,
look at me my boy.

ANNA

Danny sweet took a shot, but he seems to
be conscious.

DANNY

Did I lose?

CRANEY

That's not what's important right now.

DANNY

Did I LOSE!?

CRANEY

You didn't win. I'm sorry, Danny.

SOUND: Jenni rushes over and starts kissing Danny.

JENNI

Danny? Can you see me okay?

DANNY

Yeah. Pretty as ever. I definitely had my bell rung. But I was only traveling 15 miles per hour.

CRANEY

That's why we wear helmets on our circuit!

PLATO

It didn't stop you from bleeding. You got to stop leading with your head bro.

DANNY

(laughs)

Shut up Plato. Just help me up.

PLATO

So, Mr. Craney...

CRANEY

Dof please.

PLATO

Dof, that finish was pretty messed up. How do you score this?

CRANEY

Two racers shooting for the same empty spot at the finish. It happens in all kinds of races. Wilson wins. I'm sorry.

PLATO

Yeah. It happens.

JENNI

You were so close, baby.

DANNY

Doesn't matter if it's an inch or a mile. Every racer knows; a loss is still a loss.

(MORE)

DANNY (CONT'D)
(emotionally overwhelmed)
I'm so sorry Jenni. I'm so sorry.

Emotionally drained Jenni and Plato take comfort in each others arms.

PAUSE

ANNA
The race is over. The crowd has stopped cheering... and everyone is going home. Jenni and Danny went home with no money, just a brand new concussion for Danny.

INT. JENNI AND DANNY'S APT

DANNY
Did anyone ever figure out who this guy Barrett Wilson is?

PLATO
No. His friends were talking him up. But he's not any X-Games pro.

DANNY
I had it! I shouldn't have played it so safe at the end.

PLATO
I don't know if that would have mattered.

JENNI
What do you mean Plato?

PLATO
I boosted the accuracy on a radar gun app. Barrett Wilson was going as fast as 22 miles per hour in the last part of the race. He could have sped up anytime he wanted during the race. The idea was to make it a spectacular finish.

DANNY
But the scooters are on limiters.

PLATO
They must have hacked the app. I could tell something was off.

JENNI
How?

PLATO

I notice things. Patterns.

(beat)

I think you got hustled, Danny.

JENNI

You think Barrett hacked the app?

PLATO

No. Craney did. The Viper wasn't there to compete. He was a decoy. Craney used him to mess with the odds, so Barrett Wilson, his long shot newcomer could get a scooter with a steroid. The audience loves it, and Craney makes a killing with a long shot newcomer no one was paying any attention to. You and Micah were hurting the excitement of his show by winning every week.

JENNI

What can we do about it?

DANNY

We can do nothing. If we challenge him we get busted along with everyone else. And I become public enemy number one in the extreme sports community.

PLATO

I think I have an idea.

JENNI

Speak, Plato.

PLATO

You're pretty good on a scooter, aren't you Jenni?

JENNI

(beat)

I'm not on that level.

DANNY

I can do it. What's the plan?

JENNI

No way, Danny. Not happening.

PLATO

You took a serious blow to the head tonight. We really should have taken you to straight to the hospital.

DANNY

I'm fine.

PLATO

Forget it.

(beat)

Here's what I'm thinking. Jenni's a talented skateboarder and she rides on the scooter without even thinking.

JENNI

I'm only an amateur skater.

PLATO

I am getting at least 8 grand for my Rolex watch.

DANNY

Great. Let's lose that and we can all be homeless together.

JENNI

If we lose. But imagine the odds if I win. We could clean up.

DANNY

This is serious guys. She has no chance of even qualifying. You do it Plato.

PLATO

I would if I could. But Jenni can... if we put a little pressure on Craney.

JENNI

I see where your going with this Plato. And I'm down to try. But even if you hack the app, going faster isn't going to make it easier for me to navigate the course.

PLATO

I wasn't planning on only making it faster. We have a few days before the race, so let's practice and find out.

EXT. COURSE

ANNA

After the exciting race the other night the crowd is more amped than ever. Plato Jenni and Danny are heading over to the course.

CRANEY

Welcome to tonight's exciting contest in the Dof Craney Electric Circuit. Our last race saw one of the most exciting finishes ever, not just for Scooter racing, but for any race, in any sport!

CHEERS

CRANEY (CONT'D)

Last week's winner, Barrett Wilson, is back, as is superstar Micah Gordon. They will be leading an impressive field of racers on a course that we have designed to be more challenging than ever.

CRANEY (CONT'D)

Unfortunately we will be without one if the Circuit's favorite racers, Danny Sweet, who was slightly injured in last week's incredible finish.

CROWD

Sweet! Sweet! Sweet!

CRANEY

Get better and back here soon, Danny. The fans love ya, and I love ya.

(beat)

But Danny Sweet will not go unrepresented. His girlfriend, Jenni Hoffman, has made the cut and will be one of today's eight racers.

SOUND: The crowd cheers.

CRANEY (CONT'D)

All right racers grab your helmets on and come on over so we can do our random draw for scooters, and let's get this contest going!

CUT TO

PLATO

(careful to be private)

Okay, Jenni. Let's go over this one more time. Do not block the infrared cameras we planted in the helmet.

JENNI

Got it.

PLATO

You got the blue-tooth-pods secure in your ears.

JENNI

Yup. Secure.

PLATO

How's your confidence holding up?

DANNY

This is nuts. I can't believe I'm letting you guys do this.

PLATO

You didn't want us to tell you what you couldn't do.

JENNI

I feel good, Danny. It's a good plan. We have practiced this.

DANNY

Not in a race you haven't.

CUT TO

CRANEY

Last chance to take a chance on your favorite racers and show 'em just how much you believe in them.

BACK TO

DANNY

Did, you make the bet?

PLATO

Yup. \$7,800. Kept two hundred in case we lose and decide we want to eat this week.

DANNY

Just promise me she won't get hurt.

PLATO

I'm going to try as hard as I can. But don't forget, Jenni's tough.

CUT TO

SOUND: Jenni takes her place next to the other racers.

JENNI

How are all you sorry ass losers going to take getting beat by a girl!?

SOUND: Other racers grumbling.

BARRETT WILSON

Maybe after I win the race I'll be down with taking a beating from you, woman.

JENNI

Sorry fella's. THIS dance is for Danny!

CRANEY

Racers please... open your apps. And rev up your scooters.

PLATO

Good job, Jenni. I'm getting a signal from the app and have control.

JENNI

Let's do this thing.

PLATO

Hold on tight. No matter what you need to stay on that scooter. I'll be controlling it like it was mario cart.

ANNA

(race announcer)

Annnnnddd... the race is on. The field scoots off the starting line and Micah Gordon is doing what he does, jumping to the head of the pack. Jenni Hoffman falls back into last position, apparently sizing up what's in front of her.

PLATO

(over phone signal)

Okay, Jenni. Let's take it slow, let's get a feel for the course. Watch to see how the other racers deal with the terrain.

JENNI

It's a little muddy, Plato. But I am getting my balance.

ANNA

A little bit of slipping and sliding out on the course, but professional surfer Micah Gordon seems to be using it to his advantage.

PLATO

Big drop landing coming, Jenni, some of the other racers got caught in a downed rotted tree. We'll go slow and I'll maneuver you around it.

DANNY

Holey shit, Plato. You're playing her like a freaking video game!

PLATO

Shhh, Danny.

DANNY

It's not like anyone could ever figure it out what you are doing.

PLATO

Stealth Danny. We don't want to get caught doing this.

(beat)

How you doing Jenni?

JENNI

My knees are getting shot to shit trying to hold on, but I'm good. I see Barrett Wilson not to far ahead of me.

PLATO

Let's see if we can catch up to him. We need to figure out what speed he rigged the app to go.

JENNI

Yeah. Nope, floor it.

PLATO

We already past twenty. They must have jacked Barrett's even higher. Move your head around I want to see what we're working with.

ANNA

Micah Gordon seems to be all alone out in front, maintaining a strong lead over Barrett Wilson.

PLATO

Hang on tight Jenni. You're going to get a little wet.

SOUND: Jenni weaving through trees and then splashing along the top of a shallow brook.

JENNI

Uhh. I got mud in my eye!

PLATO

Than use the other one. This path I see on the infra red is going to land you right in front of Barrett Wilson.

ANNA

Jenni Wilson has come from out of nowhere to take over 2nd place from Barrett Wilson!! But Barrett is speeding up behind her. It seems he lucked into the quickest scooter in the pack. We're about two thirds of the way through this race, as the scooters charge into the most difficult part of the course.

PLATO

Hang on Jenni. To make up some time we are going from Mario Cart to Crash Bandicoot!

DANNY

Plato, remind her not to lock her knees.

PLATO

Jenni, Danny said...

JENNI

I heard him. Tell him I got it. I'm saving my locked knees for him.

ANNA

It's a race between three racers, the two favorites, Micah Gordon, Barrett Wilson and believe it or not newcomer Jenni Hoffman! My girl is putting on an incredible display of lightning reflexes, passing Barrett and closing the gap between her and Micah. The final sprint to the finish is the most unobstructed section of the race. Jenni is on Micah's tail... but here comes Barrett Wilson gaining fast on the two leaders. With less than two hundred feet to go it could be anyone's race. Micah has a slight lead over Jenni but Barrett is about to pass both of them.

PLATO

Jenni, look to the left. You see that open spot. It's the closest point to the finishing line.

JENNI

All I see is a big hole in the ground!

PLATO

Yeah. I'm going to aim you right at it.
Your going to have to dive and yank the
scooter along with you.

JENNI

What!?

(beat)

Aren't those famous last words!?

PLATO

You can do it!

ANNA

Jenni suddenly veers off course! Barrett
has now taken a small lead over Micah!
Ohhh myyy goddd!!! Jenni has just crossed
the finish line in a blur of flailing
woman and scooter. She did it!

SOUND: Crowd goes nuts!

DANNY

(exuberant)

She did it!

PLATO

(acknowledging)

She did it.

ANNA

Jenni get's up and raises her arms
victoriously.

JENNI

We did it!

PAUSE -

CUT TO - Award ceremony

ANNA

Jenni holds her trophy high while holding
hands with Danny.

CRANEY

Yes, my friends, this is the kind of
thrills and excitement you can experience
on Dof Craney's Electric Circuit! An
amazing display of courage and skill!

JENNI

Thank's Dof. I had a great team guiding me.

CUT TO - LATER

DANNY

Well, that's one way to win a race.

PLATO

Speaking of taking from the rich and giving to the poor.

(beat)

Look who's coming over here.

CRANEY

Jenni, in the short history of the Electric Circuit, no one has ever beaten such overwhelming odds. With your purse money you must have cleared over sixty thousand dollars... most of it from my pocket book.

JENNI

Well, if I lost we would have been broker than broke.

CRANEY

Thrill of victory, heh. You and Danny need to be a regular part of the Electric Circuit. With your kind of grit I can really grow this thing to respectability.

JENNI

Naa. Me and my boys have safer trails to ride.

CRANEY

What does that mean?

PLATO

Government work.

CRANEY

(nervous)

I don't get it. You're going to work for the government?

DANNY

Not FOR the government.

CRANEY

(beat)

Wait! Am I being set up!?

PLATO

Don't worry Mr. Craney. We have much
bigger crooks to fry.

MUSIC start to fade.

ANNA

Of all the races big and small, it is the
cyber race that will win them all.

(beat)

And the starting point is located... in
the Digital Sky
